

Pit Boss Sierra – Onyx Edition

Innovation meets versatility with the Pit Boss® Sierra – Onyx Edition Griddle. This griddle perfectly blends power, portability, and precision that delivers a Bigger. Hotter. Heavier. outdoor cooking experience unlike anything on the market today. Fitted with our all-new proprietary non-stick ceramic coated cooking surface, the Sierra Griddle delivers an unrivalled user-friendly cooking experience. This exclusive 3,458 cm² cooking surface is ready to use straight out of the box and is a dream to clean, needing just a gentle wipe after use. As a bonus, the ceramic coating also protects the griddle from scratches and rust, keeping your unit looking better longer.

Completely portable, the Sierra Griddle utilizes easy lift-off for simple transport to any campsite or tailgating event. This unit has an advanced design that offers durability and functionality. Featuring a 3-burner heating platform, six accessory hooks, a bottle opener, easy access paper towel dispenser and foldable side shelves. The Sierra Griddle is the perfect fit for whatever your needs may be, flexible enough to hit the road and handle your cooking needs. As practical as it is inventive, this griddle is our most versatile product to date.
