

PIT BOSS COMPETITION SERIES 1250 WOOD PELLET GRILL

Built to impress judges in your backyard, this line of grills was designed to deliver award-winning barbeque no matter your experience level. These units come outfitted with blue-ribbon upgraded features, so you can bring the Bigger, Hotter, Heavier® difference to your next backyard gathering.

With our new, removable undermount burn pot and over 8,491 cm² of cooking space, the Competition Series 1250 is able to offer even more cooking space than ever before. These grills come standard with the famous Pit Boss 8-in-1 cooking versatility, allowing you to smoke, bake, braise, roast, grill, barbeque, char-grill and sear – all in one machine. The new, upgraded controller with Bluetooth® wireless technology includes indication icons that allow you to see your input units working, as well as the ability to increase the intensity of smoke and a prime button to jump start a new unit.

Additional features of the grill include our embossed roll-top lid, heavy-duty steel construction, matte black finish, 2 in-line wheels, 2 locking caster wheels, removable burn pot, and hopper window and cleanout, all backed by our best-in-class 5-year warranty.

Features:

- 8,491 cm² of cooking surface; holds approximately 56 burgers.
- Outfitted with a Wi-Fi® controller so you can monitor meat doneness, track fuel, and so much more with the Pit Boss Grills app.
- Reach temperatures from 65° C -260° C with the dial-in digital control board with an LCD screen.
- 11.8 kg. hopper holds enough pellets to cook even the lowest and slowest of dishes. Built with a view window and an easy-access cleanout system.
- Turn up the heat with the Flame Broiler™ Lever which allows for direct flame searing up to 537° C.
- 3 porcelain-coated cooking grids for easy clean up. Upper racks: steel; lower rack: cast iron.
- 2 meat probes included with purchase.
- The collapsible side and front shelf feature extra prep space, while the solid bottom shelf provides extra storage for pellets, tools, and accessories.
- Our grease management system consists of a simple steel bucket. Just replace the foil liner for easy clean up. Foil liners not included.
- Fueled by 100% hardwood pellets; easy ash disposal thanks to removable undermount burn pot.
- Assembled Dimensions: 87.1 cm L x 143.8 cm x 126.2 cm H Weight: 86 kg.

11097 COMPETITION SERIES 1250

- Boxed Dimensions: 58 cm L x 115 cm W x 75.5 cm H Weight: 93,50 kg.
